The 5th ESN food seminar "All Around the Table" was held at "Istituto Serafino Riva" in Sarnico from the 18th to the 25th March 2017.

Twenty-four students coming from three countries (Turkey – Finland – Netherlands) and six different schools took part to the project (Isték Belde Istanbul Turkey – Isték Atanur Oguz Istanbul Turkey – Kangasalan Lukio Kangasala Finland - Lempaalan Lukio Lempaala Finland – Valkeakosken Lukio Valkeakoski Finland - Corderius College Amersfoort Netherlands).

All the students were hosted in local students' families, the teachers in two B&Bs.

The aim of the project was to let the students reflect on food and its relationship with culture, both students and teachers shared their projects and food customs during three sessions and posters display presentations.

Guest and host students together with their teachers visited Sarnico, Bergamo (the upper medieval town), Montisola (boat ride and nature hike), Milano (Leonardo da Vinci's Last Supper and Duomo).

The ESN Mission Statement contains the overall aims of our seminar:

- to create an inspiring, open and safe environment for friendships between schools and students from all over Europe;
